Hi, one of the things that RTP requires of us is to be able to have the SF site ID number in our tasking document so that they can keep track of site expenditures. This is usually the number that folks are charging their time to.

Thanks.

All I think Rebecca hit a lot of the points we support for the tasking.

Deliberative Process/Ex. 5 Also, we need internally to produce a draft plan for the Chief of Staff to discuss with the WH. Any thoughts on who could take the pen on a draft plan?
